#NCWINE DIGITAL MEDIA SUMMIT

ABOUT THE SUMMIT

This purpose of this conference is to connect wineries and vineyards with local Digital Media experts and influencers. Our first event was held in 2018 and starting in 2023, we will hold the event every other year.

There are two goals of the Summit:

- Promote the brand of #NCWine
- Educate the NC Wine Industry on the importance of having a strong digital presence

SUMMIT EVENTS

The Summit educational sessions take place on a Monday. The schedule runs from 9AM and wraps up by 4PM.

In addition to the Monday session, we offer a Pre-Summit Wine Tour Excursion and Wine Dinner on the Sunday before the main event.

Tickets for all events are open to both industry professionals and digital media experts and influencers.

CONTENT & SPEAKERS

Each year, the Summit has a theme for the content and speakers. Our goal for each summit is to find engaging speakers to talk about topics of interest to the industry and digital media attendees.

In the past, sessions included topics such as engagement metrics, creating press releases, optimizing content for SEO, building a digital community, and wine education. Trends change over time so we're always looking for new topics each year!
